

Thank you for helping kids continue to play during COVID by donating to Child Life!
Child Life Specialists help children and families cope with illness and medical experiences.
We support children and families by normalizing the hospital environment by providing educational and play opportunities to patients at the bedside, our playrooms and teen room.
We also celebrate holidays and birthdays. A Child's language is PLAY!

Due to COVID-19 and to promote safety for our patients and donors, all items must be newly purchased or you may make a monetary donation to the Child Life fund.
We are not able to meet donors at this time but donations may be purchased from our registry on Target.com, Walmart.com, Amazon.com, or the retailer of your choice and be shipped to:

Brenner Children's Wake Forest Baptist Health
Child Life Dept. 8AW
1 Medical Center Blvd
Winston-Salem, NC 27157
